## SHOWS

To the great pleasure of the children, entertainment professionals are regularly present in our establishment: theatre, magicians, clowns, puppets ...

The shows are different from one year to the other and can be exploited by the teachers.

## PSYCHOMOTRICITY

The aim of psychomotricity is to help the child to live in harmony with himself, with the environment and with others. The course is given in a fairly large space using soft materials that are safe for children: different forms of foam, pieces of fabric, balls and balloons and large mats that cover the floor.

## LUXEMBURGISH

The vehicular language used is French (Total Immersion Learning).

In order to facilitate integration into the country and to help children succeed at school, we introduce Luxemburgish language in a playful way (non-formal education), in small sessions, a few times a week.
